About AAU, Khanapara

The College of Veterinary Science, originally established as Assam Veterinary College in 1948. In 1969, it became a constituent college of Assam Agricultural University (AAU), introducing a trimester system and postgraduate courses.

Weather

The climate in Guwahati is warm and temperate. Compared to winter, the summers have much more rainfall. The average annual temperature in Guwahati is 24.0°C (75.3°F). Approximately 3038 mm (119.6 inches) of rainfall occurs yearly. Summer begins at the end of June and ends in September, with the summer months being June, July, August, and September. It is recommended that the optimal period for traveling is during March, April, September, October, and November.

How to Reach

Guwahati is situated on the southern bank of the mighty Brahmaputra River in the Kamrup Metro district of Assam. It is one of the fastest-growing premier cities in India. This place is admired for being the gateway to the North-Eastern states of India and a principal center of socio-cultural, political, industrial, and trade & commerce activities in the entire region.

Guwahati offers a number of travel options for local as well as foreign visitors. One can enjoy convenient and high-quality air, train, and road services for traveling across India from here.

By Air

The commercial city of Guwahati is well connected with the rest of India by air and land. The Lokapriya Gopinath Bordoloi International Airport is situated at Borjhar, 34 km away from AAU, Khanapara. Indian airlines, including Air India, Spice jet, Air Asia, Vistara and Indigo, operate regular flights to Guwahati.

By Train

The North Eastern Frontier Railway zone of the Indian Railways connects Guwahati with the rest of the country. Maligaon, Guwahati is the headquarters of this zone.
